No I am not familiar with this form. I also do not know what contractor services you are talking about. I have a work assignment for performing remedial work on the site but that is all.

Hi Tom,

I discussed with my Supervisor the need to open a Work Request Form for Bautsch Site in my absence and it would make more sense to have the technical person on the Site to fill out the form so that someone would have oversight over the work of the Contractor.

Pam, I understand that RPMs have access to the Contractor's Services. Are you familiar with filling out the Work Request Form, and if not, I can help you with that.

Thanks.

Hi Tom,

I apologize for delay response. I was out most of the week last week and today is my first day back into the office. I will put the GNL letters into signoff tomorrow. I am only here until Friday 1:30 pm and will start my 6 month detail this coming Monday. Mike will be on a 120-day detail as well starting Monday. [REDACTED]

**Exemption 5: deliberative process; attorney work product; attorney client communication**

Thank you.

Thanks, I do remember you mentioning that Fouad. Congratulations and good luck in Water Div. Should I start to go to Mike Rafati (or someone else), when I have Enf. Specialist matters? How soon should I begin? Thanks again to both of you.
